Federal Supply Service

Authorized Federal Supply Schedule Price List

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order are available through GSA Advantage!, a menu-driven database system. The INTERNET address GSA Advantage! is: <http://www.gsaadvantage.gov/>

Schedule Title: **Professional Engineering Services – Schedule 871**

FSC Group, Part, and Section or Standard Industrial Group (as applicable): 871

FSC Class(es)/Product code(s) and/or Service Codes (as applicable):

Mechanical and Electrical Engineering: SINs 871-2, 871-3, 871-4, 871-6

Contract number: **GS-23F-0276P**

For more information on ordering from Federal Supply Schedules click on the FSS Schedules button at <http://fss.gsa.gov>.

Contract period: **May 27, 2004 – April 30, 2009 (base period)**

Contractor's name, address, and phone number:

Simplify Robotics, Inc.

5255 Stevens Creek Blvd, Suite 102

Santa Clara, CA 95051

(408) 691-2863

Contractor's internet address/web site where schedule information can be found (as applicable):

<http://www.simplifyrobotics.com>

Contract administration source (if different from preceding entry):

http://www.simplifyrobotics.com/docs/gsa_schedule.pdf

Business size: **small business**

Supplement: This is a modified price list, **effective March 15, 2007**.

CUSTOMER INFORMATION:

1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s). Price list:

The following pertains to the years of the base period, which start on May 27, 2004, and end on April 30, 2009.
Contract years end on April 30.

Engineering disciplines: Mechanical Engineering and Electrical Engineering
Special Item Numbers (SINs): 2 , 3 , 4 , 6.

| (\$/hour) | Apr-2005 | Apr-2006 | Apr-2007 | Apr-2008 | Apr-2009 |
|---------------------|----------|----------|----------|----------|----------|
| TS-5A | | | 85.71 | 88.71 | 91.81 |
| TS-10A | | | 99.75 | 103.24 | 106.86 |
| TS-12A | | | 111.53 | 115.43 | 119.47 |
| Lead Rsrch Engr III | | 80.48 | 83.30 | 86.21 | 89.23 |
| Rsrch Engr III | 75.56 | 78.21 | 80.94 | 83.78 | 86.71 |
| Robot Engr II | 67.50 | 69.87 | 72.31 | 74.84 | 77.46 |

1b. The prices offered to GSA are guaranteed to be the best prices offered to all commercial customers.

1c. Labor Categories:

TS-5A:

The candidate requires a B.A. or B.S. from an accredited University plus 5 or more years of technical experience. Has good technical and problem solving skills. Has proven to be effective and productive in engineering environments. An M.A. or M.S. can be substituted for 2 years of experience, and a Ph.D. for 5 years.

TS-10A:

The candidate requires a B.A. or B.S. from an accredited University plus 10 or more years of technical experience. Has good technical and problem solving skills, and is able to think creatively. Has proven to be effective and productive in engineering environments. An M.A. or M.S. can be substituted for 2 years of experience, and a Ph.D. for 5 years.

TS-12A:

The candidate requires a B.A. or B.S. from an accredited University plus 12 or more years of technical experience. Has strong technical and problem solving skills, and is able to think creatively. Has proven to be effective and productive in engineering environments. An M.A. or M.S. can be substituted for 2 years of experience, and a Ph.D. for 5 years.

Lead Research Engineer III:

This engineer requires a Ph.D. from an accredited University plus 11 or more years of engineering experience, some of which includes management. Able to conduct independent research, and manage small projects and groups of engineers. Has strong technical and problem solving skills, along with an R&D engineering background, and is able to think creatively. Has proven to be effective and productive in engineering research environments.

Research Engineer III:

This engineer must possess either

- a Ph.D. from an accredited University, plus 10 years of technical experience
- a Ph.D. from an accredited University, plus 5 years of technical experience, plus management experience.

The candidate is able to perform independent engineering research tasks, has extensive experience in developing robotic systems and software, with internationally recognized publications. The candidate has good technical, problem solving, and communication skills. If management experience is used as a qualifier, the candidate is also able to lead small groups.

Robotics Engineer II:

This engineer must possess either

- a B.S. from an accredited University, plus 12 years of technical experience
- a B.S. from an accredited University, plus 6 years of technical experience, which must include robotics
- If the candidate has studied in graduate school, each year of graduate school is taken as equivalent to 1.5 years of industry experience.

Furthermore, the candidate has good technical, problem solving, and communication skills. The candidate has proficiencies in robotics engineering including:

forward and inverse kinematics, multibody dynamics, agent based simulations, artificial intelligence, and evolutionary computations.

Additionally, the candidate proficiencies in supporting software skills including:

C/C++ programming, Unix environments, Trick simulation development environment, and 3D graphics.

-
2. Maximum order: \$750,000
 3. Minimum order: \$100
 4. Geographic coverage: Domestic delivery: within 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington DC, and US territories
 5. Point(s) of production: **Santa Clara, Santa Clara County**
 6. Discount from list prices or statement of net price: No discounts are provided
 7. Quantity discounts: No quantity discounts are provided
 8. Prompt payment terms: No prompt payment discounts are provided
 - 9a. Government purchase cards are accepted for purchases up to the micro-purchase threshold (currently \$2,500).
 - 9b. Government purchase cards are NOT accepted for purchases above the micro-purchase threshold.
 10. No foreign items
 - 11a. Time of delivery: Based on Statement of Work.
 - 11b. Expedited Delivery. Expedited delivery of engineering services is available through performance incentives detailed in the Statement of Work.
 - 11c. Overnight and 2-day delivery. Not available
 - 11d. Urgent Requirements. When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering agency, agencies are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor

offers an accelerated delivery time acceptable to the ordering agency, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

12. F.O.B. point(s). Not applicable.

13a. **Ordering address:** Please place orders by mail, by e-mail, by phone, or by fax at:

Simplify Robotics, Inc.

5255 Stevens Creek Blvd, Suite 102

Santa Clara, CA 95051

phone: (408) 691-2863

fax: (281) 977-0589

email: arjang@simplifyrobotics.com

13b. Ordering procedures: For supplies and services, the ordering procedures, information on **Blanket Purchase Agreements (BPA's), and a sample BPA** can be found at the GSA/FSS Schedule homepage (fss.gsa.gov/schedules).

14. **Payment address:** Please remit payment to:

Simplify Robotics, Inc.

5255 Stevens Creek Blvd, Suite 102

Santa Clara, CA 95051

15. Warranty provision: None offered

16. Export packing charges, if applicable. No exporting services overseas is offered.

17. Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level). The Government purchase card is not accepted for items above the micro-purchase level.

18. Terms and conditions of rental, maintenance, and repair: Simplify Robotics, Inc. does not offer equipment rental services. However, Simplify Robotics, Inc. may provide engineering maintenance and repair, based on the standard materials and labor pricing offered in this price list.

19. Terms and conditions of installation: Simplify Robotics, Inc. may provide engineering installation, based on the standard materials and labor pricing offered in this price list.

20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices: No discounts from this price list are offered for installation, maintenance, or repair.

20a. Terms and conditions for any other services: No discounts from this price list are offered.

21. List of service and distribution points: All service and distribution is provided from the main Simplify Robotics, Inc. headquarters listed with this price list.

22. List of participating dealers (if applicable). None.

23. Preventive maintenance (if applicable). None

24a. Special attributes such as environmental attributes are not applicable.

24b. Section 508 compliance is not applicable.

25. Data Universal Number System (DUNS) number 06-079-8449

26. Simplify Robotics, Inc. has been registered in Central Contractor Registration (CCR) database.
